Professional and decorative
cosmetics from Italy

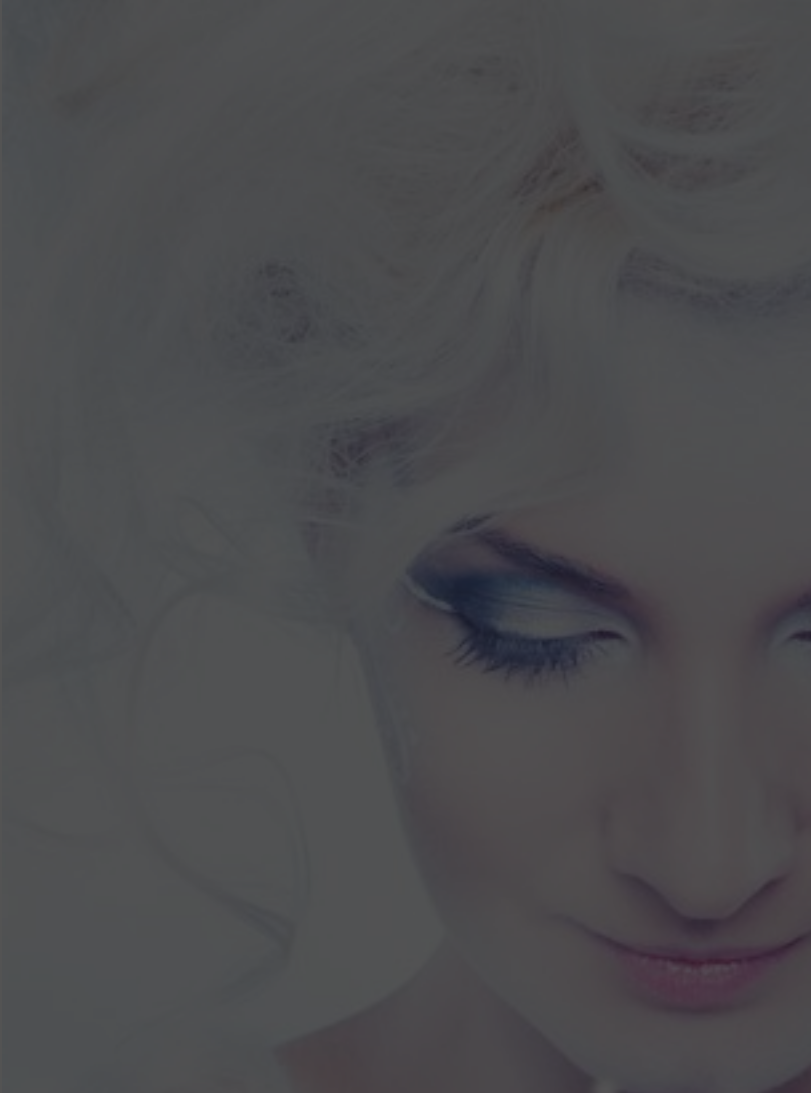

Our stores

Online area for customers

The store center is an interactive table where customers can select cosmetics before buying it.

The Cipria MakeUp Project is a stores chain of unique concept developed in accordance with all innovative tendencies of the beauty-industry. The brand represents the competitive decorative cosmetics, created with care for the health and beauty of your skin.

BOUTIQUES

The store space is designed so that the customer can test the product before buying. Elegant and contemporary design, surrounded by bright colors creates unique atmosphere. The location of the promotional display in beauty market creates the effect of products continuous presentation. Demonstration stands with illumination displays goods available for sale.

The design is being thought through to the last detail so that nothing can prevent the customer from choosing cosmetics.

Cipria MakeUp stores are designed for premises from 50 to 100 square meters. The data are adjusted according to the specific conditions of the sales area.
